Uluslararası Bilimsel Yayınlarımız

Üniversitelerin en önemli görevi kuşkusuz uluslararası bilimsel araştırma ve yayın yapmaktır. Bilimsel çalışmaların evrensel geçerlilik ve güvenilirlik ölçütlerine kavuşması, çağımızın büyük kazançlarından biridir. Çünkü 19. yüzyıldan bu yana dünyada bilimsel bir standart oluşturma çalışmaları giderek daha kesin, daha dakik ölçütler kazanmıştır.

Bilim ölçütlerinin yanı sıra bilimin merkezleri de değişmiştir. Artık merkez Batı değildir; ama Doğu da değildir. Bilimin merkezi, bilim adamının özgürce çalışma ortamı bulunduğu her yerdedir. Küresel çağın belki de tek güzel yüzü ve en büyük kazancı budur; bilim her yerdedir. Artık bir kutba öykünmenin ya da imrenmenin çağı kapanmıştır. Yeter ki bilgiye değer veren bir toplum, bilgiyi varlık koşulu sayan topluluk ve kurumlar ile bilgiyi üretmek için asgari düzeyde de olsa bir olanak var olsun. Bu durumda bilim insanının İbn-i Sina'nın acıyla söylediği gibi, değerbilmezlik yüzünden yurdunu terk etmesine gerek kalmayacaktır.

Ne mutlu ki ülkemiz artık bir bilim ülkesidir. Her zaman söylemekten büyük bir mutluluk ve gurur duyduğum gibi, Türkiye odun ateşinin ışığından başlayıp lazer ışığına ulaşmıştır. Bu konumdaki bir ülkede bilim insanının geçerli mazereti kalmamış olmalıdır. Artık bir mazeret arkasına sığınma çağı da kapanmıştır. Her fırsatta özellikle vurgulamak gereği duyduğum gibi, herkesin mazereti olabilir ama üniversitelerin hiçbir koşulda mazereti olamaz. Ülkemizin ve evrenin karanlığını aydınlatıp insanlığın yolunu açacak olanın üniversiteler olduğunu unutmamalıyız.

Başkent Üniversitesi'nin bilim politikası budur. Peki "Bilimsel pratiği nedir?" diye sorulara yanıt verebilmek için elinizdeki kitabı hazırladık. Uluslararası indekslerce taranan yayınların toplamı ve öğretim üyesi başına düşen sayısı, bir üniversitenin bilimsel pratiğinin ölçütüyse, bu ölçütün Başkent Üniversitesi'ndeki

boyutları bu kitapta sunulmaktadır. Bu kitapta Başkent Üniversitesi adresli, 2010 yılında Citation indeksleri (Science Citation Index, Social Sciences Citation Index ve Arts & Humanities Citation Index) kapsamlı yayınların künyeleri, yayımlandıkları dergilerin TÜBİTAK'a göre grupları ve türleri akademik birimler bazında verilmektedir.

2011 Ocak ayı başı itibari ile üniversitemiz kaynaklı; tam makale (405), meeting abstract (91), proceeding paper (15), letter (22), review (13), editorial material (16), book review (12), theater review (2), music performance review (1), correction (2) olmak üzere toplam 579 yayın yapılmıştır. Bunların indekslere dağılımı, Science Citation Index Expanded'da (SCI-exp) 533, Social Science Citation Index'te (SCCI) 47 ve Arts and Humanities Citation Index (AHCI)'te 17 yayın olmak üzere toplam 597 yayından oluşmaktadır. Bu yayınların dökümüne bakıldığında; SCI-exp'da 374 ve SSCI'te 38 ve AHCI'de 3 olmak üzere toplam 415 tam makale bulunduğu görülmüştür. Ancak 10 makalenin hem SCI, hem de SSCI tarafından taranmış olması dikkate alınarak gerçek makale sayısı 405 olarak kabul edilmiştir. Bu durumda öğretim üyesi başına düşen tam makale sayısı 0,75 olmaktadır.

Bilimsel çalışma göstergelerini bir kitapta toplayıp ilgiye sunmak, bundan sonra da düzenli sürdüreceğimiz bir çalışma olacaktır. İnanıyorum ki, üniversitemiz ve bilim insanlarımız, fazladan bir şeyi değil, yalnızca kendi görevlerini hakkıyla yaptıklarında, ülkemizin dinamizmi değişecek ve çağdaş uygarlık çizgisine ulaşmamız, dahası onu da aşmamız zor olmayacaktır.

Prof. Dr. Mehmet Haberal
Kurucu Rektör

Başkent Üniversitesi'nin Dünya Bilimine 2010 Yılı Katkıları

Temel amaçlarımız olan, “eğitim ve öğretimde mükemmellik”, “araştırma ve yayında öncülük”, “toplumsal hizmeti varlık sebebi olarak görmek” Üniversitemizin kuruluşundan beri dengeli ve iddialı olarak gerçekleştirmeye çalışılmıştır.

Ülkelerin bilim ve teknolojiadaki gelişmişliğini ölçmenin en önemli unsurlarından biri uluslararası bilimsel atıf indeksleri olan SCI, SSCI, A&HCI'e giren yayın sayısıdır. Özellikle bu indekslerde yer alan makale sayıları ve bunların aldığı atıflar bilimsel üretim açısından son derece önem taşımaktadır.

Aslında, “yayın” faaliyeti bir sonuç olarak, öğretim ve toplumsal hizmet hedeflerinin de gerçekleştirilmesine katkı yapan en önemli kalite ölçütüdür. Bu yönü ile ülkemizde de önem kazanmaya başlayan “üniversite akreditasyon-sıralama” yöntemlerinde de yer almaya başlamıştır. Uluslararası sıralama sistemlerinden Leiden, Webometrics, Times THES ve URAP gibi uygulamaların tümünde yayın en önemli kalite ölçütü olma özelliğini korumaktadır. Başkent Üniversitesi kaliteyi her konuda olduğu gibi “yayın” konusunda da ön planda tutmuştur. Bu nedenle, indekslenen yayınlar özel olarak izlenmiş ve bir araya getirilerek paylaşılmıştır.

Ülkemizdeki üniversiteler bilimsel çalışmalarını ve akademik performanslarını her yıl ölçerek göstermektedirler. Bu bağlamda üniversitemizin yayın sayıları ve araştırma düzeyini gösteren bu çalışma ayrıca “Web of Science” verileri kullanılarak üniversitemizin uluslararası indekslerde taranan yayınlarını ve öğretim üyesi başına düşen yayın sayılarını da kapsamlı olarak göstermektedir. Web of Science veri tabanında ağırlıklı olarak İngilizce yayınlanmış dergiler, bildiri kitapları, özgün araştırma makaleleri, tartışmalar, raporlar, düzeltmeler, editör yazıları, kronolojiler, bilimsel toplantı özleri ve kitap eleştirileri yer almakta ve sosyal bilimler, uygulamalı bilimler, sanat ve beşeri bilimler alanındaki konuları kapsamaktadır.

Başkent Üniversitesi'nin Tıp alanındaki SCI yayın öncülüğü son yıllarda Dış Hekimliği ve Sağlık Bilimlerinin diğer alanlarındaki gelişme ile sürdürülmüştür. 2010 yılındaki listede Eğitim, Mühendislik, Fen-Edebiyat, İktisadi ve İdari Bilimler Fakültelerinin gelişim trendi ile birlikte Meslek Yüksekokulları da yer almıştır.

Yayın listesindeki makalelerde geçmiş yıllara göre üç önemli hususun sıralama sistemlerindeki yerimizi koruyabilmek bakımından geliştirilmesi gerekmektedir. Bunlardan ilki, yayınların yer aldığı dergilerin “etki faktörlerinin” göreceli olarak yükseltilmesidir. Özellikle son yıllarda “D” kategorisi olarak da nitelenen “etki faktörü belirsiz” çok az makale yer alması önemli bir ölçüt olarak gelişmiştir. İkinci dikkat çekici uygulama, sadece fakülte içi anabilim dallarının enter disiplinler yayınlarının değil fakülteler arası ortak çalışmaların teşvik edilmesidir. Önümüzdeki yıllarda bu tip yayınların sayısının daha da artırılması önem kazanmaktadır. Üçüncü önemli faktör, indeksli dergilerin arasında Türkçe yayımlananların sayısının artması ve Üniversitemizden yazarların bu dergilerde yayınların bulunmasıdır.

Üniversitemizde kurucu Rektörümüzün belirlediği ilkeler doğrultusunda öğretim elemanlarımızın kendilerini geliştirmeleri için yurtiçi ve yurtdışı her tür bilimsel toplantıya katılımları her yönden desteklenmektedir. Bizlere düşen “bilimi kendisinde toplayıp Dünya'ya dağıtma” sloganı ile yola çıkan Üniversitemizde yayın ölçütü ile ilgili olarak da geleneksel yerini korumak ve yükseltmektir.

Prof. Dr. Kenan ARAZ
Rektör
